

Defend Our Pensions!

DON'T LET THE LEGISLATURE STEAL OUR PENSIONS!

Legislators are considering several cuts to our pensions:

- Cutting our pension benefits.
- Increasing our contribution rates.
- Increasing the number of years we have to work before retirement.
- Increasing the number of years we must work to qualify for any retiree health benefits to 15 years.
- Eliminating our cost of living adjustments (COLA).
- Cutting retiree health benefits by requiring a \$310 deductible, higher co-pays and an out-of-pocket cap of \$4,550.00

We work hard to provide the vital public services that make Maryland happen!
We have already sacrificed above and beyond other Maryland taxpayers
through no pay raises, short staffing and furloughs!
