

TOP 4 REASONS TO BOYCOTT UNION KITCHEN

- 1. Unionbusting** – Union Kitchen workers democratically voted to unionize, but instead of respecting the outcome of the vote, Union Kitchen has chosen to aggressively attempt to stop the union at every turn. Union Kitchen even tried to overturn the election results!
- 2. Wage Theft** – Workers unionized when they learned that Union Kitchen wasn't paying them their tips. But after they complained, Union Kitchen eliminated tipping altogether in retaliation against them. Now, they've filed a lawsuit to take the owner to court over this wage theft.
- 3. Breaking Federal Law** – The National Labor Relations Board filed a complaint alleging that Union Kitchen was guilty of 26 violations of federal law after it fired workers just for supporting their union, among other violations. But even after it settled those allegations for \$25,000, Union Kitchen immediately continued its anti-union campaign. Multiple new allegations have been filed with the National Labor Relations Board.
- 4. We've Tried Everything Else** – Even after filing a lawsuit and filing charges with the Labor Board, Union Kitchen hasn't stopped discriminating against union workers or engaging in unfair negotiating tactics. After exhausting all proper channels, the union is calling for a boycott of the business unless and until Union Kitchen commits to stopping its anti-union campaign and to fairly negotiating an agreement.
